WILMINGTON, MASSACHUSETTS - WEDNESDAY, JUNE 27, 1956

Price 10c

## Improvements Sought For Silver Lake

### COMMUNITY FUND MAKES APPEAL FOR TYPEWRITERS

The Wilmington Community Fund, which for so many years now has been working for our town would like to obtain a typewriter. Much time and effort could be saved if they had a typewriter of their own. As matters stand now things either must be worked in long hand or on a borrowed machine.

Perhaps there is someone in town who owns a typewriter they no longer have use for, if you are this person please call Dorothy Kemp at 8-2147. Your offer will be deeply appreciated.

### Lucky Day

A combination square dance and Strawberry Festival will be held on the Parker School grounds (rear Town Hall) Billerica, on Friday the 13th of July. The event will get underway at 8 p.m. and will continue till midnight.

The Couples Club of the Dale Community Congregational Church are pleased to bring back to Billerica, well known Bill Baxter of Winchester, to take charge of the dancing.

Admission 99 cents each person, price to include dance and strawberry shortcake. Come one! Come all! rain or shine.

### Rubbish Dumped On Andover St.

On June 24 rubbish was discovered to have been dumped on Andover St., in North Wilmington. Papers and junk of every description were strewn about the area. Investigation by Officers Markey and Dolan proved who the guilty party was and the depositors were made to remove their contribution.

### Auto Accident At Patsy's Farm

At 1:10 p.m. on Sunday, June 24 an automobile operated by Celia Schnippi of Boston struck a tree and a stand in front of Patsy's Farm on South Main St. The vehicle received some damage to the right front fender, hood, grill and bumper. Miss Schnippi was shaken up and received a slight injury to her teeth when she bumped the steering wheel. Officers Ellsworth and Harvey investigated.

### Post Office Job Available At \$1.82 An Hour

The United States civil service announces an examination for substitute clerk and substitute city carrier for duty at the Wilmington, Mass. Post Office. The rate of pay is \$1.82 an hour for substitutes. Increases are given according to length of service. Additional information and application forms may be obtained at the Wilmington, Mass., Post Office.

Applications it is said must be filed with the Regional Director, First U.S. Civil Service Region, Post Office, and Courthouse Building, Boston 9, Massachusetts, and will be accepted until further notice. Persons desiring early consideration for appointment should apply promptly.

Navy WAVES composed 70 percent of the Waves in World War II.

### Rotary Club News

Attendance  
Visitors: Woburn - Paul Doherty, Bill Casey, Stoneham - A. P. Rounds. Guests: Bob Farmer (Doherty), Dr. Jonathan W. Cummings (Stan Cummings), Stanley Garway (Weinberg), Paul Post (Fred Cain). Program

There wasn't any. All the time was given to the Carnival - Prizes, Parade, Little League sale of books, Publicity, Sound machine, and most important of all, the securing of the necessary helpers for the concessions. Adrian Durkee agreed to accept the assignment of Man-Power Chairman, and was assured by several that he could count on their backing up.

Notes:  
Our deepest sympathy is extended to Sergeant-at-Arms John Gleason in the recent loss of his mother. Also to the family of ex-Rotarian Neil Byam, whose sudden passing has shocked the whole community.

At our next meeting, on June 27, the new officers for the Rotary year 1956-1957 will be installed. Also, the membership cards for the second

### ROTARY DEVOTING ALL ITS TIME TO CARNIVAL

Extensive plans are presently being laid for the Rotary Park Festival Week, it was announced yesterday. The Week will run from July 2 through the 7th at the Rotary's playground with several activities being highlighted during the festivities.

All week long a carnival will run with rides for the kiddies and many other activities at the disposal of those who attend. On Saturday afternoon rides will be at reduced prices while mammoth drawings will take place each night with four winners per night.

On July 2 a Bicycle Parade will be featured; July 3, Fireworks; July 4, Fireworks; July 5 Dolly Carrying Parade and July 7, the crowning of Miss Rotary Queen.

All children who wish to enter the events during the week should fill out the coupon below and mail to Rotary Park, Inc., Wilmington, Mass.

### Boys Go For A Tractor Ride

Officers Markey and Dolan hurried to the high school at approximately 8:30 p.m. on June 22, on the report that boys were attempting to take the tractors for a ride. The equipment at the site of the high school is being used in the construction of the athletic field. When the officers arrived, the boys scattered into the woods and could not be located.

### Clothing Found At Little League Park

A paper bag found at Little League Park on June 18, containing articles of clothing is still at the police station. State Trooper Edward Sullivan located the clothing and turned them over to Wilmington officers at 8:00 p.m. Owner may have same by calling at the police station and identifying the contents of the bag.

### HAROLD McKELVEY SAYS SILVER LAKE BEACH SHOULD BE IMPROVED

Harold McKelvey, well known and respected town citizen, stated that the Silver Lake Beach should be given better care at once. On a recent visit he found that conditions there were deplorable and dangerous. There are holes in the water, the beach lacked proper life-guard supervision, not enough rubbish barrels to deposit trash. The parking area is dangerous on account of cinder bedding which should be replaced with a softer substance.

Shade trees should be planted in rear of beach. A walk should be installed for

the people and the beach should be re-sanded and raked thoroughly. One of the life-guards should be on the raft at all times. The new life-boat should be in the water and patrolled between the raft and the beach.

One life-guard should be on the beach at all times and not away.

All these facts were brought out to the Selectmen and they agreed to meet with the Recreational park and Planning Board and take immediate steps to make necessary improvements and beautify our town beach.

### Tanner Out For Re-election

Representative Frank D. Tanner, Republican of Reading announces his candidacy for re-election. Representative Tanner has served the 18th Middlesex District for the past six years.

### Dr. MacDougal To Tour Middle West

Dr. Ernest MacDougal and family left today for a vacation trip through the middle western states. The Doctor will resume practice August 1.

### DAV To Install June 30

The D.A.V. and its Auxiliary, will hold a joint installation of officers at headquarters on Grove Ave. on June 30, at 8:00 p.m.

### Toss Stone Through Window

At approximately 8:20 a.m. on Friday June 22, officials of the Boston and Maine R.R. reported to police that someone had thrown a stone through a window of the train carrying workers to Boston at that hour. The train had been held up over an hour due to switch trouble further down the line.

During the stone-throwing incident a women passenger narrowly escaped injury.

### Fined \$20.00

At Woburn Court on June 19, Joseph Arnold of Beech St., Tewksbury pleaded not guilty to failing to stop after causing damage to property. However Arnold was found guilty and fined \$20.00. Officer Kelley prosecuted.

### Lake Whalom Playhouse Presents

Natalie Craveth and James Cade, two of the principal players with the Guy Palmer-ton Players at the Lake Whalom Playhouse at Fitchburg, Miss Craveth, who was featured with the company last summer is showing Mr. Cade around, this being his first summer at the popular rustic Playhouse.

These two professionals share honors with Frank Lyon this week in the comedy "Champagne Complex" which is the initial production of the 1956 Theatre Season. This hilarious comedy direct from Broadway has already been widely acclaimed by playgoers.

Next week the company will present the stage version of "The Tender Trap" with a cast of over a dozen featuring Velle Davenport and Robert Horan.

Reservations for all performances may be made at the box office and there is ample free parking space.

The season is studded with great attractions. Such Stars and New York hits as Henry Morgan in "The Seven Year Itch", Isabel Price, Kraft T.V. star in "Solid Gold Cadillac", "Anniversary Waltz" and Tal-lula Bankhead in a new merry, musical comedy revue are but a few of the scheduled presentations. Later in the season Gypsy Rose Lee will also appear in person in a sensational Comedy.

### Accident At Main St. And Glen Rd.

On Tuesday, June 19, at 1:15 p.m. a vehicle operated by Howard Malloy of Winchester, ran into the rear of a panel truck operated by W. F. Whalen of E. Milton. Some damage was done to the rear door of the truck and the front grill of the automobile. The accident occurred at the corner of Main St. and Glen Rd.

#### SCHOOL BOARD MEETING

The problem of the Dependency Allowance may solve itself if no more progress is made than is being made right now. The dependent children, at least, may be grown and supporting themselves by the time anything is settled at the present rate.

Superintendent John Collins reported at this meeting that he asked Town Manager Joseph Courtney to check with the Finance Committee on the results of a meeting between the board and Mr. Courtney. The result? The finance board took no action. The board

took no action. We assume that that gives the ball back to the teachers. What now?

The School Accommodations Committee is interviewing architects for the new school. From the tone of the letters of resignation read at this meeting, teachers are leaving, in a large part, to accept positions with higher salaries. And Mr. Collins' report on his efforts to find suitable replacements leaves us hoping that we will not be in the position of enough classrooms, not enough staff.

Mr. Collins had the highest praise for the cafeteria staff, remarking upon the excel-

lence of the co-operation prevalent among the employees. The following appointments of new personnel were accepted: Edward G. Bradbury, Math. H.S.; Mrs. Abbie G. Lyle, R.N., Asst. School Nurse; Irene M. Sharp, Asst. Guidance Dr.; Alice M. McCarthy, Phys. Ed. Grades 7-12; Mrs. Sybil Wiberg, Teaching Principal, Wildwood; Mrs. Mildred Keville, Teaching Principal, Walker.

The following vacancies are to be filled: Home Economics; Social Studies and English; General Science; Elementary Teachers; Industrial Arts; Remedial Readings; Reading Supervisor; Special Class H.S. Elementary Teachers (2).

Resignations of the following teachers were accepted with regrets: Miss Katherine Mitchell, Home Economics Teacher; who has accepted a position with the American Dairy Council as a Home Economist; Joseph Barbazello, Miss Nancy Noble, and Mrs. McLaughlin.

The request of the Wilmington P.T.A. to use the conference room for executive board meetings was granted.

A letter of thanks was sent the Lions Club for their scholarship.

#### RALPH AMBROSE AND ROBERT BARRETT FILL NEW POSTS IN SCHOOL SYSTEM

The newly formed positions of supervising Principal in the Wilmington Schools have been filled by two men well established in our School System, it was officially announced at the School Board meeting June 21.

Ralph Ambrose, formerly a teacher in the High School, and principal of the Wildwood School since its opening, was selected for the district comprised of the Wildwood School, fifteen rooms; Whitefield, four rooms; Mildred Rogers, four rooms; and West, 1 room.

Robert Barrett, Math teacher and Guidance Director, at

the High School, will supervise the following schools: Swain, nine rooms; Buzzell, ix rooms; Center, four rooms; Walker, four rooms; and one sixth grade room in the high school building.

Mrs. Sybil Wiberg, formerly principal of the Walker School, will be the new teaching principal of the Wildwood School, and Mrs. Mildred Keville, will take over as Teaching Principal of the Walker School.

#### ST. THOMAS' NEWS

During the summer the Masses are shorter. Kindly, therefore, try to be on time. It is recommended that early arrivals at Mass park their cars in the rear of the church.

The Bazaar committee are especially interested at this time in procuring prizes for the chance books. It is quite necessary that they have sufficient prizes as this is the greatest source of revenue for the bazaar. Anyone of any group who feels they could contribute a prize, kindly contact John Winters, 8-2679, Maynard Eaton, 8-2546, Mrs. Rose Butt, 8-3696 or Mrs. Rose Cavanaugh, 8-2014.

On Thursday there will be another Blitz Party in aid of the Building Fund, 8:00 p.m. at Villanova Hall. Mrs. Peggy Eaton and Mrs. Helen Durkee are in charge.

St. Thomas' C.Y.O. will play Saint Margaret's of Lowell at 6:30 p.m.

Census cards are available from the ushers for any new families not yet visited by the priests.

Gratitude is expressed to Ralph DeLisle and the delegation of men and boys who represented St. Thomas at the outdoor Mass on Wednesday evening.

Next Sunday is Communion Day for the women of the parish, especially the Catholic Daughters of America and Sodality members.

#### LOCAL MAN ATTENDS V. F. W. CONVENTION

James Simpson, of Brentwood Ave., returned on Monday after attending the V.F.W. convention held in Worcester from June 21 to 24.

Mr. Simpson reports that the V.F.W. is 100 per cent against the Bradley Hoover commission, and is in favor of having the Sunday Laws effective on Armistice Day out of respect to our deceased veterans.

The Navy's modern ice-breaker, USS GLACIER (AG8) can deliver up to 20,000 horsepower. With a beam of 74 feet and round bottom she has a tendency to rock and roll in a manner similar to a barrel in rough seas. However, once in the area of pack ice and icebergs, she will plough through dense ice packs and pick out a route for other ships to follow.

#### RONALD FILLIPONE JOINS AIR FORCE

Ronald Fillipone, son of Mr. and Mrs. Henry Fillipone of Hopkins St., left last week for Texas where he will start his training in the Air Force. We will publish his new address as soon as it is received.

#### GOOD IN THE CLUTCH

The cupro-nickel alloy, containing 30 per cent nickel, has been adopted as the preferred material for oil coolers in automatic clutches by large segments of the automotive industry.

#### NIMONIC AND INCONEL ALLOYS

The Nimonic and Inconel nickel-chromium alloys, because of their strength, resistance to heat and corrosion, and their ductility, are used in various parts of modern jet engines, aircraft turbo-prop engines and industrial gas turbines.

#### METHODISTS RAISE NEARLY \$6,000 IN CHALLENGE FUND DRIVE

Members and friends of the  
Wilmington Methodist Church  
raised nearly \$6,000 toward a  
challenge fund for the new  
church building. The chal-  
lenge fund was established by  
the New England Annual  
Conference of the Methodist  
Church, whereby the confer-  
ence would match dollar for  
dollar what the members of  
the parish raised up to  
\$7500.00.

Because of the excellent  
response made by the people  
of the church the conference  
voted to extend the time and  
the amount of money to  
\$10,000. The local church is  
now making plans to raise  
the additional funds up to  
\$10,000 over and above the  
regular weekly giving of its  
members. If this can be done  
it will increase the resources  
for the new church building  
fund by an amount of \$20,000.

The present plans call for  
a church edifice to cost in  
the vicinity of \$140,000, con-  
struction of which is plan-  
ned in the fall of this year.  
Friends of the church who  
would like to help meet the  
challenge fund set by the  
conference will mail their  
checks to Minot Anderson  
332 Lowell St., Methodist  
Church Building Fund, and  
designate that it is for the  
challenge fund for the new  
church.

#### METHODIST CHURCH ANNOUNCES SUMMER PROGRAM

The Rev. Richard E. Har-  
ding will preach at the service  
on Sunday, July 1, and the  
remaining Sundays of July  
the Rev. Donald Hickman,  
pastor of the South Tewks-  
bury Methodist will be guest  
preacher. Local laymen will  
assist in the services, and  
Miss Ruth Crawford of Read-  
ing will be guest organist  
with Miss Yolandi Moe as  
the soloist. The services in  
the local church will begin

at 10 a. m. during the sum-  
mer months.

Mr. Harding will return to  
his pulpit on the first Sun-  
day of August and he will  
serve as the guest minister  
of the South Tewksbury Me-  
thodist Church during the  
month of August.

#### SPECIAL QUARTERLY CONFERENCE CALLED FOR SUNDAY, JULY 8

A special Quarterly Con-  
ference has been called for  
Sunday, July 8, following the  
church service in the Wil-  
mington Methodist Church.  
The meeting will begin pro-  
mptly at 11 a. m. The con-  
ference will meet to autho-  
rize the incorporating of the  
local church, and if agree-  
ment has been reached with  
a bank for the new church  
mortgage by that date to au-  
thorize its acceptance.

#### WILMINGTON EXTENSION OF READING FIRST BAPTIST CHURCH

The first evening service of  
the Wilmington extension of  
the First Baptist Church of  
Reading was held last Sun-  
day evening at 7:30 in the  
East Wilmington improve-  
ment Asso. Hall.

Among those present and  
participating were Rev. Hu-  
bert Mathews, Pastor of the  
First Baptist Church of  
Reading, Rev. Richard Har-  
ding, Pastor of the Wilming-  
ton Methodist Church and  
Rev. Herman Spinney, Field  
Director of Gordon College  
of Theology and Missions.  
Two quartets provided spe-  
cial music, a mixed quartet,  
including Dorothy Drover,  
Roger and Harriet Nichols  
and Elliot Castillo sang "No  
One Ever Cared For Me  
Like Jesus". The girls quar-  
tet including, Joyce Arbe,  
Dorothy Pike, Carol Jean  
White and Ruth Ann Strob,  
sang "Jesus I Came". Ac-  
companied and organist for  
the church is Mrs. George  
Pike.

This coming Sunday even-  
ing, Elliot Castillo's message

will be based on the feeding  
of the 5000. Special music  
will highlight the service.

Of special interest to  
young people of Junior and  
Senior high age will be an  
all day outing at Cape Ann  
on this coming Saturday,  
June 30, weather permitting.

#### ST. THOMAS EXTENDS WIN STREAK TO NINE GAMES

Last Thursday at Lowell  
Textile Field, St. Thomas  
CYO smothered a newly-or-  
ganized St. Jeanne D'Arc  
nine, 12-4. The boys combin-  
ed eight hits and fourteen  
walks to back up the steady  
pitching of Johnny McCabe.  
Bill Finney and Bill Fay had  
two hits each, in a game that  
turned into a rout in the  
4th inning.

Sunday at Lexington High  
School Field, the John Ken-  
ney-coached nine had what  
amounted to batting practice  
against St. Brigid's CYO.

winning 18-3. Paced by Bill  
Finney's long homer to left  
field, Coombs, Monteiro and  
Fay had two hits each and  
Joe Casey helped out with  
four singles. Joe Peters re-  
corded 10 strikeouts in the  
second meeting between the  
two teams.

Thursday, St. Thomas  
plays St. Margaret's at Lo-  
well. Sunday, at Town Park  
St. Mary's of Melrose will be  
the opposition.

St. Thomas lineup:  
Coombs, lf; Monteiro, ss;  
Finney, cf; Peters, McCabe,  
p; McKenna, Galvin, 1b;  
Fay, Kane, 3b; Cormier,  
Moegelin, c; Casey, Drom-  
goole, rf; McDonald, 2b.

The number of visitors to  
France from the United  
States increased 14 per cent  
in 1955 over the previous  
year's. Travel is one goal  
which Americans are attain-  
ing through U.S. Savings  
Bonds.

Servicemen are asked to keep the Crusader posted as to their latest address. Write to Box 506, Wilmington, Mass.

## Odds N Ends

By Moss Dunton

It is generally understood that the pain from a diseased tonsil is more intense in a child than in a grown up, for the older folks are so constituted to withstand it better.

There is however, a great difference in the time of convalescence.

Due to their youthful flexibility, their period of pain and inactivity is much briefer than with older people.

Our best to the parents and children, who are now "on the mend," and rapidly approaching the "all well" stage.

Everytime you take one, things look different:

A well known comedian was much given to heavy drinking.

His manager worked hard to cure him of the habit and finally believed he had succeeded. But one day the actor failed to show up at the theatre for a performance.

Waiting until the last minute before curtain time the frantic manager set out to find his charge.

Fearing the worst he looked first in near by bars, and soon found the comic in one of them, downing one scotch after another.

"Good heavens, man" he

cried.

"You're on."

"Good" answered the comedian through the fog.

"How'm I doing?"

Returns After Twenty Years:

There comes a time when a man from the city returns to his native small town after a 20 years absence, and was inquiring of Uncle Josh about all his old schoolmates.

"What became of Tom Smith?"

"Well," said Uncle Josh,

"Tom tried farming for a while and failed at that. Then he attended law school and, after three years trying to make a living at law in the county seat, he failed at that."

"That's too bad," interrupted the man from the city.

"Tom was a good fellow. Everybody liked him."

"I'm sorry to hear that he's such a failure."

"Failure, hell," exclaimed Uncle Josh. "He's our congressman."

Yale or Yail take your pick:

The new cook who had come into the household during the holidays, asked her mistress: "Where ban your son? I not seeing him around no more."

"My son," replied the mistress, "Oh, he has gone back to Yale. He could only get away long enough to stay until New Year's Day, you see."

I miss him dreadfully, though."

"Yes, I knowing joost how you feel, My broder, he ban in yail six times since Thanksgiving."

Up or down—what's the diff? "Describe to the jury just how the stairs run in that house," the lawyer asked an old Swede who had witnessed a crime.

The old man looked dazed and scratched his head for a minute before attempting to reply.

"You want to know how de stairs run" he repeated.

"Yes, if you please, how the stairs run."

"Well," ventured the witness, slowly, "ven aye bane oopstairs dey run down, and ven aye bane downstairs dey run opp."

Thought for the day:

Don't be a bore

He talked and talked

Never pausing for breath,

His way to kill time

Was to talk it to death.

## SHADOWBROOK CONTRIBUTIONS TOTAL \$130,051 IN MERRIMACK VALLEY. DR. HAJJAR REVEALS

Contributions to rebuild fire-razed Shadowbrook in Lenox reached \$130,051.00 in the Merrimack Valley, Dr. Solomon G. Hajjar, area chairman for the Jesuit Shadowbrook Fund announced today. The overall drive amounted to \$1,898,455.00 it was announced at the same time by national Chairman Joseph Sullivan of Lowell.

Speaking at a progress meeting at Campion Hall, North Andover this week, Dr. Hajjar reported that 484 persons have given in the appeal to rebuild the Shadowbrook Novitiate which was destroyed by fire with the loss of four lives on March 10 of this year.

Dr. Hajjar told his committee that the Merrimack Valley area — one of 19 in the nation — is among the top three in the amount donated, the number of gifts and participation by potential donors. The area, he said, ranks fourth in each of the three categories. Nearly 42 percent of the potential donors in the area have already given gifts.

Jack Hughes, proprietor of the Hughes Lumber Co., and Publisher Stanley J. Bocko are active committee members from this town. Local contributions may be made at Dr. Hajjar's office on Talbot Ave. or the offices of the News, Stanley J. Bocko, High St. or 95 Bridge St., Lowell, or Jack Hughes Lumber Co., Letchworth Ave., or by calling MONTROSE 3-3970, 3-3546, 3-8221, or GLENVIEW 8-8812.

Ingenious crewmen of the USS CORAL SEA (CVA-43) developed what is believed to be one of the fastest methods ever devised for getting aid to a man overboard. Instead of heaving the lifeboat overboard by hand, it is released from a basket mounted on the port and starboard quarters of the overhead on the flight deck. In an emergency, the men on watch simply pull a wire connected by remote control to a quick-release catch, and releases and inflates the lifeboat.

Did You Know That the Womens Army Corps offers young ladies graduating from high school this year the opportunity to continue their education by enlisting in the Corps for attendance at a school of their choice? Full information may be obtained at the Army Recruiting Station, VA Building, 89 Appleton Street, Lowell.

About 13,000 WAVES were in the Navy's Hospital Corps in World War II.

amount of sand needed in the mix. As much as 5 per cent air can be used. On the toll road this will replace over 27,000 tons of sand (a string of trucks 18 miles long would be needed to carry it). Strength of air-entrained concrete is well within state and federal specifications.

"Air-entrained concrete has an even more important advantage for New England," Burks says, "since its freeze-thaw resistance is superior to plain concrete. Rain, penetrating the surface of ordinary concrete, expands when it freezes, causing the surface to crack and crumble. In

air-entrained concrete, the expansion is absorbed by the tiny air bubble areas - and the surface remains undamaged.

"Air entraining agents are used in seawalls, dams, buildings, and most everywhere that large volumes of concrete are poured," Burks said.

The Navy is credited with saving more than 200 lives by means of helicopter rescue during Northern California's flood disaster, while Naval Reservists contributed their part by keeping communications open around the clock.

You are invited to Subscribe for one or more Spiritual Shares toward the construction of the new

SHADOWBROOK NOVITIATE-JUNIORATE  
at Lenox, Massachusetts  
through the Jesuit Shadowbrook Fund

PURPOSE OF ISSUE—to invite the participation of all Jesuit alumni and friends to build a new Novitiate at Lenox, Massachusetts.

TERMS OF PAYMENT—payments on subscriptions may be made annually, semiannually or quarterly to suit the convenience of the donor.

DIVIDENDS—Holders of Spiritual Shares will be assured of constant prayerful remembrances by the hundreds of young Jesuits who will live and study in the new Novitiate and in whose future ministries they will share.

CERTIFICATE—Donors of one or more shares will receive a certificate, a miniature facsimile of which appears below.

# No More Golf "Widows"

**KEEP THE FAMILY TOGETHER** is the theme at the new Hillcrest Country Club in North Reading. A typical family group are Mr. and Mrs. Lester Saipe and their children, Barbara, Robin and Lee of Stoneham.

The accent is on the family at Hillcrest Country Club—and no more golf "widows."

For mother and the children can go right along when the head of the family takes off for golfing at the newly-opened recreation and social center in North Reading.

Nor will there be any pangs of conscience for the deserted family while Daddy struggles manfully to break 100 on the golf course.

The non-golfing wife will be right nearby enjoying the new Olympic-size swimming pool, restful patio or screened veranda, the card rooms or lounges—without even the children on her mind.

And the youngsters will be romping in their own "country club," equipped with wading pool, slides and swings, under the watchful eye of a trained supervisor.

It's all a new approach to keeping the family together a problem of more and more concern to those who believe the fast pace of modern living is splitting this vital unit.

"We intend to spare no pains in creating a wholesome atmosphere with varied activities having a powerful appeal to every member of the family," says Sheldon Chance, secretary and director of the new organization.

Out of all this may even come the family foursome on the golf course.

For golf classes are now under way for the youngsters, carrying out the club's objective to stimulate an early interest among youth for golf, swimming and other sports through professional instruction.

There will be a regular

tournament schedule for the wives, as well as the husbands, and an opportunity to learn the game under the able guidance of professional Charlie Nicolls.

Nicolls, who came to Hillcrest from Florida's Palm Beach Country Club and Mt. Washington Hotel Golf course at Bretten Woods, is a firm believer in making golf a family game.

In his native Scotland, where one of his three golfing brothers still lives, the game is the national pastime for young and old.

"Golf is a really democratic sport in Scotland, with the artisan, the tradesman and the banker enjoying the game together," said Nicolls.

Off the golf course, and off season, too, General Manager Ossie Land has extensive plans for a year-round family program of social events and winter sports.

Teen-agers will have their place in the social whirl of the sparkling new \$500,000 clubhouse. A special committee of adults will see to that. On the agenda for them are club activities, dances, summer-evening barbecues and picnics.

And when cold weather comes there'll be no waiting for the whims of nature. A snow-making machine will go into action for impatient skiers.

In the works are a ski-tow and toboggan chute, while skating parties will glide on two natural ponds to the rhythm of music from a public address system.

For those who prefer to keep fit the easy way during cold weather there are health club facilities, with sun tan, massage and steam and therapy rooms.

"In spending nearly \$1,000,000 on Hillcrest," Chance stated, "we were single-minded in our purpose—to build an all-season recreational facility for the family."

Chance stressed, too, the club's determination to adhere to a non-sectarian policy on membership.

"We happen to believe that this presents an ideal opportunity to make effective the ideals of Brotherhood," he said.

Hillcrest's formula apparently has clicked. The club is opening with a membership drawn from 27 cities and towns.

**FACTS ABOUT HILLCREST****Location:**

Town of North Reading, four-tenths of a mile off Route 28—main Boston-Lawrence highway and six miles from Route 128. Other distances: Boston 20 miles, Lawrence 12, Lowell 11, Haverhill 15, Lynn 13, Malden 12, Melrose 10, Wakefield 7, Reading 4, Woburn 8, Newton 16.

**History:**

This is the former Red Hill Country Club, purchased last December by a group of Greater Boston businessmen for development into a modern, all-season, family-type golf, health and recreation center.

**Facilities:**

Area - 145 acres.  
Golf - 18-hole course; first nine of 2450 yards, par 34; second nine of 3195 yards, par 36; three holes have been lengthened as follows: 4th - 230 yards to 350; 8th - 240 to 270 and 9th - 165 to 200, plans to lengthen the second nine to 2800 yards; two water holes; screened practice range; practice putting green.

Club-house - luxuriously-modern structure, just completed at a cost of \$500,000. Contains dining, banquet and grill rooms, cocktail lounge, card rooms, and a huge screened veranda facing the course, and 19th-hole snack-bar, lounge and cocktail bar, adjoining the locker-room; health club facilities, with sun tan, massage and steam and therapy rooms.

Swimming Pool - Olympic sized, 82½ x 42½ feet, costing \$35,000; promenade and patio surrounding pool, with 400 pieces of Summer furniture, including dining tables and umbrellas with service from snack-bar; lifeguard and swimming instruction furnished.

Children's Play Area - Wading pool, 30 x 15 feet; swings, slides, see-saws, all fenced-in, with governess in attendance.

Winter Sports Plans - Skiing with rope-tow and snow-making equipment; toboggan chute, two natural ponds for ice-skating, outdoor music and refreshment facilities.

Estimated Overall Cost:

Approximately \$1,000,000.

**Activities:**

Golf, swimming, health club, social program for the adults and teen-age groups, instruction in golf and swimming.

## NEIGHBORS

By Paul D. Emmons

"Umph! Well, here's what must have happened," leaning back and tipping his hat forward over one eye. "The shot which killed Ed was fired at close range. A few grains of the powder were imbedded around the wound. Our chemical expert dug 'em out and analyzed them. He finds they're the same as the regular U.M.C. smokeless which is used for rifles and shot-guns. So that's that. The bullet was an old fashioned type fired with modern powder.

"But it was a reduced charge. The ball had just force enough to penetrate the frontal bone and lodge in the brain. Any modern sporting rifle

fired at that distance would have sent it clear through his head. So my theory is that this fellow loaded up one of these old fashioned smooth bore pistols which may have been kicking around the house here with a charge small enough so that it wouldn't burst when it was touched off. He knew that the bullet wouldn't have any telltale grooves on it from the rifling. He's been reading a lot of these cheap crooks yarns and probably thought he could beat us out that way.

"And now, another thing. The ammunition we have collected from him so far is all Winchester. But Hildreth tells me that some time ago he was

using U.M.C."

"That's so, I think he was," greed Uncle Rip thoughtfully.

"Uh huh - there you have it," grunted Claflin, with a satisfied expression.

Uncle Rip threw his cigar into the fireplace.

"Even so," he said, as he faced the Inspector again. "I don't see as you've made out a case. There are others besides Pete who use U.M.C. ammunition. And in any event he must have had a confederate. Now who would that be? As I told you before, I can't think of a soul."

Uncle Rip shook his head. "That would be in line with what some of these small town gossips out here have said about her, but if you knew the calibre and general viewpoint of those who say it you'd know how much importance to attach to their statements.

Personally I don't think there's anything in it. You'd better consult Hildreth on that point."

"I have. He agrees with you," "I don't believe Selena had anything to do with it," said Uncle Rip, breaking his usual custom by lighting a second cigar, "and I don't see how any outsider could have done it and made his escape. My sister was out here at the letter box, and she saw no one."

"She was! Where is she now? I'd like to talk with her."

The Inspector accompanied Uncle Rip back to the cottage. But Auntie Dill only succeeded in adding to his perplexity. She had the clarity of vision which went with her precise disposition, and convincingly accurate as to details. But what she had observed did

not help towards solving the mystery.

The corduroy trousers hanging out of Ed Batchelder's window had caught her eye, and she had glanced at the house sharply, wondering how they came to be there. The shade was up, and her line of vision passed over the bed (which was not visible from where she stood) to the far side of the room. She was positive there was nobody in it - at least there could be nobody moving around without her seeing them. Ed must have been lying in his bed at the time, but whether just before or just after he had been killed it was impossible to determine. A minute checking up assured that it was one or the other. Auntie Dill was also positive that there was nobody in the road anywhere near the house.

Claflin soberly jotted this down.

Those britches are a sticker, too," he grumbled. "The maid says Ed told her to hang them out of the window when she lit the fire so that they wouldn't smell the room up. According to the position of things the bullet was fired at about the distance that window is from the bed, but nobody could have got up and fired through the window without disturbing those trousers, and apparently they hadn't been touched. There are no indications that anybody got in through any of the windows, anyway. Now, did you see Selena anywhere about?"

Yes, Auntie Dill had caught a glimpse of Selena through the kitchen window while walking back to the cottage. She was at the sink washing dishes, Hildreth, too, she was able to place. He was out at the wood pile splitting wood.

The Inspector took all this down without comment, then slipped his note book into his pocket and rose a little wearily.

"Well, I'm obliged to you. I'll have to look further."

The piazza shook to his ponderous tread as he walked around the house and down the steps. Uncle Rip and Auntie Dill watched him as he returned to the Batchelder's and notioned three new arrivals - workmen in a light delivery truck - to precede him into the house.

"There goes a genuine, honest-to-goodness detective, Anne," remarked Uncle Rip. "Does he look like the typical sleuth of your imagination?"

"He looks just like an ordinary business man. But what's he going to do now?"

"Tear the house to pieces, apparently." And he gave his sister a brief summary of what Claflin had told him.

"Isn't that terrible! Ripley, I do wish you'd move away from here. You ought not to be living in a place where a case. That's just the hell of it! If I could only find that pistol I'd be considerably ahead. I'm going to have some carpenters in here today and

cont. on page SEVEN

# THE TRUTH

ABOUT COOKING SPEED:  
GAS is **FASTER** than ELECTRICITY

ALWAYS HAS BEEN  
ALWAYS WILL BE

LABORATORY TESTS COOL OFF  
ELECTRIC INDUSTRY CLAIMS!

Electric interests advertise that a new electric range cooks "faster than gas." They do not explain that only one single top burner of a few very special electric models can compare with the speed of any ordinary gas range . . . and that it takes 2600 watts to do it! Imagine that on your electric bill!

Furthermore, this extravagant electric unit can only deliver peak performance under what are virtually laboratory conditions . . . using flat-bottomed pans of the same diameter as the electric burner!

To put it mildly, the electric people are stretching a point. No practical electric range can meet the speed of gas — or the economy of gas, either. Electric ovens compare even less favorably. Only gas gives you instant heat and smokeless broiling. No warm-up. No waiting. Cooler, quicker and cleaner.

No wonder 9 out of 10 people still prefer to cook with gas. We have every reason to believe you will, too. Gas also has dependability plus. Power line failures will never shut down your modern gas kitchen!

cont. from page 6

have 'em fish all these partitions with electricians' snakes. And -"

"What makes you think it was a pistol?"

"The bullet doesn't fit any gun the we know about. It's somewhere between a .32 and a .38 in diameter, but it's just a shade off on everything we have. Some old Revolutionary relic that we don't know about would be the answer."

"Maybe. But who fired it?"

"Now you're snookin," Clafin pushed his hat onto the back of his head again. "If things were a little different from what they seem to be I'd say that goofy housemaid was elected. She had every opportunity to turn the trick."

"Yes, but why should she? She and Pete hate each other like poison. She had nothing to gain by it, and she and Ed were good friends."

Maybe they'd been too good friends in the past and he was getting off the notion," observed the Inspector, significantly, "such things can happen."

"Yes, but what can life in a dull, drab city offer to compare with this? If you can show me anything that would beat it I might be interested."

The members of the Batchelder household had ample cause to wonder that day if anything could beat it. Inspector Clafin was a man in pursuit of a much needed rest, which he felt he couldn't get until he had unearthed the key to the enigma confronting him. With grim tenacity

he mustered all his forces in one final outburst of energy. Workmen fished, delved, ripped and pounded. State troopers combed the neighborhood interviewing about the primises. Selena was brought back from the Monroe's and harried to the point of distraction. Pete was repeatedly and savagely grilled. With his back to the wall he faced his accuser in a bristle of stubborn defiance, enlivened by gleams of the sardonic.

"I didn't do it, I tell yer. You know dammed well I couldn't 'a' done it myself - and who d'yer think I could git to do it for me? You're barking up the wrong tree."

"What did you mean by accusing Selena of doing it?"

"Well, if she says she didn't do it, that's good enough for me."

When told of the elucidating pistol and requested to divulge its whereabouts he laughed grimly.

"I hope you find it, I'd like to own one of them things."

Only Hildreth came through the mill with his dry, pawky humor unruffled.

"Wa'al," he drawled, coming out of the house and mounting again to the seat of the wagon from which he'd been hauled as soon as he had returned from delivering milk, and before he'd had a chance to drive into the barn and unharness, "they say war is hell! But I'll say law is hell. Gid-dap!"

The net result of Inspector Clafin's labors were represented by a miscellaneous litter of junk - broken pieces of

crookery, old bottles, stary bricks, lumps of mortar, and - most appealing of all - little china dolls and broken toys which childish hands of former generations had dropped into unrecoverable hiding places. But no illuminating Revolutionary relic was forthcoming, and that night he withdrew from the house, baffled. Reminded only a policy of watchful waiting based on the time honored assumption that murder will out. To this he silently and unobtrusively devoted himself, after confiding his deductions to the news reporters.

The resulting publicity was met by the neighborhood with mixed reactions. Some wagged their heads ominously at Pete, but those who were best acquainted with the Batchelder household and had visited it oftenest in the old days when Stephen Batchelder and his wife were alive, were positive that no such thing as a Revolutionary pistol existed. Anyway, who could have used it? Selena came in for unfavorable comment, but here again those whose opinions carried the most weight were skeptical. For two or three days people neglected their work to indulge in feverish speculation which gradually simmered down before the demands of everyday routine.

Nobody could evolve a satisfactory solution. And so, after funeral services of Spartan simplicity, Edward Payson Batchelder, the object of the most puzzling murder mystery the County of Northrop had ever experienced, but otherwise unsung and unwept, ex-

cept by Selena, was gathered unto his fathers - borne away to the little cemetery on the top of the hill, there to lie in the shadow of meeting house among pillars of the church now horizontally entombed and ranging from Deacon Skinner, who never would let his wife cook anything they had to chew on a Sunday, to Deacon Fairbrother, who used to get up in meeting and pray.

(To be continued)

## REP. WILKINSON SEEKS RE-ELECTION

To the Editor of the Wilmington Crusader:

May I through your columns announce my intentions to seek re-election as your Representative to the Great and General Court. During the past two terms I have tried to properly represent Wilmington and all the District. If elected I shall continue to devote my full time to the position.

Sincerely,  
 Charles E. Wilkinson

**NEW CLUBHOUSE OF HILLCREST COUNTRY CLUB** in North Reading, just completed at a cost of \$500,000. The luxuriously-modern building, overlooking an Olympic-size swimming pool and fine 18-hole golf course, will be the center of the club's social program. It contains extensive health club facilities, including sun-tan, massage and steam and therapy rooms, dining-room, card-rooms and lounge and cocktail bars.

#### NO MORE GOLF "WIDOWS"

cont. from page 5

ming for adults and youngsters, skiing, tobogganing, skating, outdoor barbecues and picnics and teen-age clubs.

#### Types of Membership:

- A. Golf, pool and social
- B. Golf only
- C. Social only

#### Policy:

Policy determined by a Board of Governors drawn from membership; activities to be carried out by member committees.

#### Objectives:

1. Creation of a wholesome environment for family-group sports and social activity.

2. Providing a relaxing atmosphere for adults whose young children may enjoy day-camp type of supervision and activity on a scale enabling families to substitute facilities for vacations away from home.

3. Develop an early interest among youth in golf and other sports through professional instruction.

4. Put into practice a real sense of brotherhood among all religious groups through a completely open membership.

#### Personnel:

Staff of about 40.  
General Manager "Ossie" Land, widely-known in hotel, restaurant and private club circles.

Professional Charles Nicolls, who came to Hillcrest from Palm Beach Country Club in Florida and Mt. Washington Hotel golf course at Bretton Woods, N.H.; Scotland-born member of a well known golfing family and one of four brothers, all pros, including Burt Nicolls at Belmont Country Club; at Palm Beach taught such notables as Frank Leahy of Notre Dame, the Duke of Windsor, members of the Ford family and ex-Ambassador Joseph P. Kennedy; formerly New England paired professional champion, with late Charlie McAndrews and former Connecticut professional state champion.

Chef Jimmy Tsepas, who came to Hillcrest from Woodstock Inn, Woodstock, Vt.; formerly at Hanover Inn, Hanover, N.H., Wheeler Williams, Rutland, Vt.; and Hotel Statler, Boston; heads kitchen staff of 10, including pastry chef and 3 cooks.

**V.F.W. DUGOUT DOINGS**  
Regular post meeting at 8:30 p.m. Thursday night, June 28. All members are requested to attend.  
A special meeting last Thursday night for the trustees found only Bill Bovitz attending. Both Mr. Laflonatis and Walter Smith are asked to attend the next post meeting for auditing purposes.

posers.

The time grows short for bonfire workers. The fall out is very disappointing and at this writing the issue is in grave doubt. From the writers viewpoint it doesn't seem possible to complete the bonfire on time, which would make some people very happy.

There still has been no answer to our request for more rifles for our drill team.

Our Auxiliary had a cake sale last Saturday. Still don't seem to be able to buy the ginger or molasses cakes. Doesn't anyone bake them anymore?

Jim Breen finally got his car. Anytime you see a cloud of dust it's sure to be him.

Helen Witham's hand is swollen up from an insect bite. Now she can only talk half as much as she has only one hand to talk with.

There are 7 dues cards down at the canteen. Would the members who own them please pick them up? Incidentally, how about you delinquent members? Why don't you contact Fred Kleynen and get caught up?

Our next social is Saturday, July 21 and we are trying to get John Demers, our jovial railroad man to run it. We can promise a very entertaining time if he does.

Our newest and youngest recruit, Wes Baker, Jr. is getting married next Sunday. Well, Wes, good luck from all of us.

Angie Ingaharra leaves next

Sunday for two weeks training at Camp Lejeune, N.C.

Bill and Grace Bovitz leave this week end for a trip to visit his parents in Minnesota. Happy hauling, Bill.

Just wondering: If Fred Kleynen has contacted the Barrel Co. in Woburn for the bonfire deal yet... If Jean Moore meant it when she said she would cook sweet and sour for the entire post... When Al Fenton and Bob Clark are going to launch their campaign for new members... If we can get Fred Sottile to sit through an entire meeting without running off... When Stan Witham is going to get started on his porch... How Johnny Vadalkes always manages to look so cool, no matter how warm... If John Demers will run our next social for us... How Phil LeDuc's new station wagon is riding... If and when any auxiliary member will bake a ginger or molasses cake, we have a customer for it

**MRS. WELCH PASSES AWAY**  
Mrs. Ethel R. (Towle) Welch 75, of 5 Fairfield Rd., died suddenly at her home on Sunday, June 17. Besides her husband, William T. Welch she is survived by her daughter, Mrs. MacLean of Roxbury.  
Mrs. Welch was born in Dixfield, Maine and has been a resident of Wilmington for the past 7 years.  
Funeral services were held on Wednesday, June 20 from the Hawthorne Funeral Home in Dixfield, Maine.  
Funeral arrangements were under the direction of Guy E. Nichols.

**LEONARD DREW HOME**  
Leonard Drew, son of Mrs. Lauchlin Drew of West St., spent three days at the home of his mother last week. Mr. Drew came from his home in Columbus, Ohio to attend the reunion held by the members of the class of 1936.  
This was the first time since his return from Germany in 1945 that Mr. Drew has spent three days in Wilmington. He was a prisoner of the Germans during the last year of the war and after returning

conferred the award on the Prudential representative.

To achieve the distinction, Mr. Emery said, a life insurance agent must show that a high percentage of the policies sold by him in previous years have remained in force. This encourages the agent to write insurance programs well adapted to the policyholder's needs and circumstances.

Mr. Reynolds resides in North Wilmington, Mass., on Westdale Avenue, and he also qualified for this honor last year.

Funeral services were conducted on Thursday, June 21 by Rev. Harding at the Methodist Church. Bearers included Axel Olsen, Adam Galka, Francis Galka and Talbot Livingston. Internment was in the Wildwood Cemetery.

Funeral arrangements were under the direction of Guy E. Nichols.

**COMMONWEALTH OF MASSACHUSETTS.**

**PROBATE COURT.**  
To all persons interested in the estate of Shelton Barry late of Wilmington in said County, deceased.

A petition has been presented to said Court, praying that the value of the property of said deceased remaining after the payment of debts, widow's allowance, and charges of administration may be determined by said Court.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the nineteenth day of July 1956, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twenty-first day of June in the year one thousand nine hundred and fifty-six.

John J. Foley, Register.

home attended Ohio State University of which he is now a graduate.

On Saturday evening, prior to his return home, nearly fifty guests (relatives and old friends) attended a weenie roast held in Mr. Drew's honor at his mother's home.

#### FUNERAL SERVICES FOR NEIL BYAM

Neil Byam 49, of Burlington Ave., passed away suddenly on Monday morning, June 18. Mr. Byam was born in Wilmington and spent his earliest days in the vicinity of Lowell St. He was well-known to most Wilmington residents as the owner of "Byam's Laundry Service" in the center.

He is survived by his wife, Ruth (Livingston) Byam and two children, Beth Byam of Wilmington and Neil, Jr. who is presently attending N.E. College. He is also survived by his mother, Sarah Byam of Melrose and two sisters, Mrs. Mae Olsen of Melrose and Mrs. Norma Dendroth of Andover.

Funeral services were conducted on Thursday, June 21 by Rev. Harding at the Methodist Church. Bearers included Axel Olsen, Adam Galka, Francis Galka and Talbot Livingston. Internment was in the Wildwood Cemetery.

Funeral arrangements were under the direction of Guy E. Nichols.

Open daily, 8:30 A.M. to 6:30 P.M. Closed Sundays, holidays and Wednesday afternoons.

### GIRLS SCOUTS FETE LEADER

On June 18, at 56 Chestnut St., Girl Scout Troop 104 surprised their leader, Mrs. William Sussenberger with a thank you party as a tribute for her training and time devoted to them for the last six years. Mrs. Sussenberger's daughter, Ruth's 13th birthday was also celebrated. The girls supplied refreshments and presented Mrs. Sussenberger with a set of pink shell jewelry.

Those who participated in this happy occasion were Judith Condrey, Nancy Cutter, Ruth Cutter, Jeanette

Meleschuk, Marie Quinlan, Celia Spear, and Ruth Sussenberger.

### MOSQUITO CONTROL PROCEDURES

In 1952, the State Reclamation Board in conjunction with the Department of Public Works made a survey of the Town of Wilmington to determine the best means of lowering the water table and subsequently decrease the mosquito population. In carrying out the latter function, mosquito traps were set up through the various sections of the Town and mosquitoes were collected and classified according to their type. It was found that 71.5% of all catches were Culex pipiens (the foul water mosquito) and that only 5.3% were of the type that could transmit disease such as malaria, if human carriers were present which is not the case in Wilmington.

The most common type of mosquito is the foul water mosquito and in order to combat this mosquito one must first know its habitat. As an example, some mosquitoes live in deep swamp land and regardless of how much spraying or control a person does around his home, their numbers could not be substantially lowered unless a professional spraying service from a helicopter was used to kill them in marshlands. The mosquito, Culex pipiens, is peculiar in that it is one of the few species that infests houses and bites at night. They generally breed very close to the homes that they infest and in such things as roof gutters, outside fish ponds, overflowing cesspools and any section near the house which might catch and hold water. They generally prefer a shady section with vegetation and stagnating water.

To avoid heavy infestation of mosquitoes later, it is very important to kill the larvae while they are still in the susceptible stage. The Culex pipiens breed fairly continuously from the first warm weather to September (or until the days get chilly), therefore, although quite a few

of the eggs have been hatched, much can be done against the new generations. The principle methods of combating the larvae are the time accepted procedures of filling and draining these holes, repairing faulty sewer systems and spraying. Oil (ordinary No. 2 fuel oil) may be used to kill mosquito larvae. One and one-half pounds of Paris Green diluted with four pounds of powdered soapstone road dust or hydrated lime may be used per acre to kill larvae. Borax in the amount of two ounces per gallon of water prevents mosquitoes from breeding and may be used in small water accumulations such as rain barrels and tin cans, etc.

For adult mosquitoes, the best mechanical means is, of course, screens in good repair and tight fitting.

For control effect on killing adult mosquitoes, a 5% solution of DDT dissolved in kerosene or water may be sprayed on homes both inside and out and especially on screen doors. The recommended rate is one gallon of solution per 1,000 sq. ft. Spraying vegetation outside of the house with two to five gallons per acre of 5% DDT every two weeks will do much to eliminate the number of mosquitoes. The best time for spraying would be in the early morning and with a wind blowing away from the person operating the sprayer to get the greatest effect, at the longest distance.

Fairly concentrated DDT such as 25% to 30% may be purchased in most hardware stores and in some service stations. The formula for attaining the proper concentration of DDT is simply the percentage concentrate of the material on hand divided by the desired concentration for kill equals the number of parts of diluting substance such as water or kerosene one needs to add. An example, DDT concentrates of 30% purchased and you desire 5% spray, you need to add six parts of water or kerosene to the container.

Strictly following the above suggestions should do much toward lowering the number

of mosquitoes, however, it should not be expected that this will entirely rid the area of mosquitoes because high winds can blow them for miles after the spraying, etc., has been done but, all in all, their numbers should be considerably reduced.

### FUNERAL SERVICES CONDUCTED FOR SADIE G. CARTER

Funeral services were conducted on June 20, from the Guy Nichols Funeral Home by Rev Richard Harding for Sadie Gilson Carter who was stricken suddenly while attending a wedding and reception at the Grange Hall on June 17, 1956.

Mrs. Carter was born in Westford, Mass., in 1878 and has resided in Wilmington for the past sixty years.

She was the wife of F.W. Carter of Middlesex Ave., and the mother of Russell E. Carter of Harwood Park Rd. and Helen E. Blake of Wilmington, and two grandsons - Richard C. Blake of Whitensville, Mass., and Donald A. Blake of Tewksbury, Mass., and three great grand children.

Mrs. Carter was a charter member of the Wilmington Grange and the P. of H. Club, also of the Whinny Chapter of the Rebecca Lodge, The Acacia Chapter of the Eastern Star and the oldest member of the Wilmington Methodist Church.

## FRANCIS DUGGAN IN KOREA

Osan Air Base (K-55), Korea  
— Airman Second Class Francis M. Duggan, son of Mrs. John Duggan, St. Paul St., Wilmington, arrived here recently for assignment to the 58th Fighter Bomber Wing, the U.S. Air Force's part of the United Nations' combat team in Korea.

While here, Airman Duggan will play a vital part as an airframe repairman in the 58th's mission of protecting the free world from Communist aggression.

Airman Duggan attended Wilmington High School, and

## Call These Numbers Of Local Residents To Get News Into The Crusader

A staff of news writers are always on hand to answer your phone calls. In order to get an item into the paper you can call our Lowell office without any charge and give the item to us.

If you want to talk to a Wilmington correspondent you can call Mrs. Betty Downs at 8-2907.

Clubs, organizations and anyone wishing to insert a long article and not wanting to call it in by phone, can send it to our Lowell office. The Wilmington Crusader, c/o The Billerica Publishing Co., 95 Bridge Street, Lowell, Mass., or just drop it into the post office c/o The Crusader, Wilmington, Mass.

Another writer added to the staff is Mrs. Esther Moore, Morse Ave., who will cover the North Wilmington area. Her phone is OLiver 8-3820.

With all these aids, we plan to give to the people of Wilmington a full coverage of news.

Just call any of the above or our Lowell office and willing help will be waiting to serve you.

## NEW ENGLAND WOMEN GO NAVY

On July 17, aboard the historic frigate USS Constitution, young women from the six new England states will be enlisted in the U. S. Navy to form a special "New England Wave Company". Many prominent military and civic officials will witness the colorful and traditional navy ceremony as Captain Louise K. Wilde, U.S. Navy, a native of Concord, N. H., administers the oath of allegiance to the young New England women.

Captain Wilde, the Navy's highest ranking Wave officer, is the fourth woman to hold the rank of Captain in the Waves and to hold the office of Assistant Chief of Naval Personnel for Women. She is a veteran of 14 years with the Navy.

There is an ever increasing requirement for well qualified and ambitious young women in today's modern navy. The local Navy Recruiter will be pleased to speak with anyone interested in the U. S. Navy Waves, and especially with those desiring information about the formation of the first Wave company from New England.

## THREE EUROPE BOUND ARMY UNITS ARE SEEKING DIRECT ENLISTMENTS

Three more overseas bound units of the United States Army have been opened for direct enlistment, according to Master Sergeant James G. Everett of the Army Recruiting Station at VA Building, 89 Appleton St., Lowell. All three organizations are due to leave for European duty early next year, and are now in the process of filling their ranks before moving out of their stateside stations.

The 11th Armored Cavalry Regiment at Fort Knox, Kentucky, needs the most men from this area. It is seeking 33 enlistments from the greater Boston area. Men applying for assignment to this unit must enlist before August 15th.

The 63rd Engineer Construction Battalion at Fort Leonard Wood, Missouri, is attempting to recruit 5 men from this area prior to July 20th and the 534th Field Artillery Battalion at Fort Sill, Oklahoma, wants 11 men prior to July 15th.

Men enlisting for any of these assignments must obtain an average or better score on their mental test and be in excellent physical condition. They will join the organization for which they enlist upon completion of

## COMMONWEALTH OF MASSACHUSETTS PROBATE COURT.

Middlesex, ss.

To James P. Kelly, of Wilmington in said County.

A Petition has been presented to said Court by Esther E. Kelly, your wife, of said Wilmington, representing that you fail without just cause to furnish suitable support for her and praying that the Court will, by its order, prohibit you from imposing any restraint on her personal liberty, and make such order as it deems expedient concerning her support, and the care, custody and maintenance of your minor children.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the twenty-ninth day of June 1956, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twenty-fourth day of May in the year one thousand nine hundred and fifty-six.

John J. Foley, Register.

Stretch Sox for Men and Children**BANDSMEN NEEDED FOR  
DUTY WITH FIRST ARMY  
BAND**

A concerted campaign to fill 22 vacancies in the First Army Band is underway this month, according to Master Sergeant James G. Everett, local Army Recruiter.

Vacancies, which must be filled immediately, are as follows: 6 french horn players, 4 flute or piccolo players, 1 oboe player, 3 E flat clarinetists, 3 E flat clarinetists, 1 bass clarinetist, and 3 baritone saxophone players.

In addition, vacancies are expected in the next months

for cornetists, trombonists, tuba players, bassoonists and also saxophonists.

Musicians desiring to enlist in the Army for duty with the First Army Band, located at Governor's Island, New York, may obtain full information by contacting the local Army Recruiting Station at VA Building, 89 Appleton St., Lowell.

**COST OF LIVING  
ADJUSTMENT FOR  
WELFARE RECIPIENTS**

The Board of Public Welfare would like to inform the Townspeople through your newspaper of the following:

Effective July 1, 1956 payments to Old Age Assistance, Aid to Dependent Children and Disability Assistance recipients are to be increased. This increase is brought about by an increase in the cost of living index, as reported by the Division of the Necessaries of Life, in accordance with paragraph two of Section one of Chapter 118-A.

The Cost of Living Index shows an increase of 5% from the period August 1951 to May 1956, and this is the amount which assistance budgets shall actually be raised at this time.

Wherever possible all payments in accordance with the new adjustment will be made on the first half payment in July. The only exceptions are, the increase is not applicable when the recipient resides in a boarding home for the aged, nursing home, or convalescent home, which is licensed as such, or residents of private institutions or patients in public medical institutions.

Andrew P. King - Agent.

**WHOOOPS! WE'RE SAFE**

Publicity to prevent hunters from accidentally shooting whooping cranes resulted last year in 8 young whooping cranes and 20 adults reaching Texas safely from Canadian breeding grounds. This bird, according to the 1956 Yearbook of The American Peoples Encyclopedia, is extremely rare and is in danger of extinction.

**MORTON S. GROSSMAN  
HONORED BY THE  
CHAMBER OF COMMERCE**

Morton S. Grossman, experimenter of financing for builders of homes under the low-cost home-ownership plan of L. Grossman Sons, Inc., was recently honored as one of "Quincy's 10 Outstanding Young Men" cited for their "contributions to society" by the Quincy Junior Chamber of Commerce.

The 32 year-old veteran of World War II lives at 36 Quincy Road, Chestnut Hill, with his wife Sylvia and their 4 children. He was vice-chairman of the Newton Community Chest and has assisted in the work of the National Association for the Advancement of colored People as well as other community projects.

This young executive, younger son of Jacob Grossman who is vice-chairman of the New England-wide building materials concern's board of directors, interrupted his education to serve in the U.S.

Army for three years in the European theater. He later graduated from Brown University in 1948 and then began work for Grossman's as a laborer in the Billerica yard. He progressed to salesman and then returned to Quincy to assume charge of the six Veteran Sales Surplus Stores in Massachusetts, Vermont and New Hampshire. Later he developed his interest in real estate phase of the business.

In presenting the certificates, John W. Wright, president of the Junior Chamber, told more than 200 attending a banquet at the Quincy Neighborhood club that the 10 young men, representing various business and professions, were selected because they "have been tempted to do something which couldn't be done and have done it successfully." Mayor Amelio Della Chiesa congratulated the recipients as "builders of the future."

Did You Know That the U.S. Army needs musicians? It's true. Army Recruiters are now seeking qualified young musicians for enlistment for duty with Army Bands. Full information can be obtained at the Army Recruiting Stations, VA Building 89 Appleton Street, Lowell.

**NEED NUCLEAR  
ENGINEERS**

There is a growing need for nuclear engineers. The 1956 Yearbook of The American Peoples Encyclopedia reports that at least 2,000 trained engineers a year will be required for many years. Expansion of private industry's interest in nuclear reactors is creating the demand.

With 117,701 landings in 32,026 hours of flight time without a single accident, Whiting Field's Basic Training Unit Instrument operation has established what is believed to be an all time Navy high safety record.

Out of 1,740,000,000 U.S. Savings Bonds issued so far, more than 800,000 have been reissued by the Treasury Department to replace lost, stolen, damaged, or destroyed bonds.

"In this world, nothing can be said to be certain except death and taxes," said Benjamin Franklin. Not, at least, until the Treasury began to issue U. S. Savings Bonds, which are certain to return your investment with interest.

### ELECTRIC SALES INCREASE 12 PER CENT

Boston. - New England Electric System earnings are expected to show six to seven per cent improvement in 1956 if present trends continue, President Irwin L. Moore told shareholders today at the annual meeting.

He said earnings should be about \$13,250,000 for the full year, equal to approximately \$1.25 on the increased average shares outstanding.

Moore reported that economic conditions in areas served by the System for the most part are good and that electric sales to date indicate an increase of about 12 per cent to domestic customers, 12 per cent to industrial and 8 per cent to commercial. Gas sales also show steady improvement and are up about 28 per cent.

He told shareholders that hydro electric production was 157 million kilowatt-hours less than last year because the cold winter and lateness of thaws. As a result of the late spring runoff, prospects for good water in the coming weeks are excellent. Current hydro output, he added, is the highest of the year.

The System's consolidated net income for the four months ended April 30 totaled \$5,137,450, equal to 51 cents a share. This represents an improvement of six per cent over the comparable period of a year ago when the consolidated net of \$4,839,780 was equal to 48 cents a share.

Moore said final figures on the System's common stock offering show that shareholders and employees purchased nearly 100 per cent of the offering. He said only 2,774 shares, or about one-third of one per cent, were left for the underwriters.

He explained to shareholders that the Company's immediate and long-range expansion plans to take into consideration population growth, more new industries, further industrial diversification and a greater use of electricity and gas in the home by the System's electric and gas customers. All of this, he indicated, will require sizable construction expenditures.

In connection with the expansion program, Moore reported that the first 37,500 kilowatt unit at Littleton went into service in mid-May. During the initial 24-hours period the unit was in full operation the System broke all records for hydro generation, turning out 8,981,000 kilowatt-hours of electricity. Three other units of 37,500 each are expected to be in production by the end of the year.

Work is also underway at the System's Salem Harbor Station for the addition of a third unit with a capability of 140,000 kilowatts. The new Salem unit will be one of the largest ever to be installed in New England.

Preliminary work on Yankee Atomic Electric's generating station in Rowe, Mass., is proceeding according to schedule, he reported. This plant will be owned by the 12 New England utilities - including the System - which formed Yankee Atomic Electric Company in 1954. Plans call for its completion in 1960.

A proposal to increase the number of authorized common shares of New England Electric System from 11,500,000 to 15,000,000 was voted by shareholders.

The following directors were reelected: Howard W. Cole of Beverly, Halsey C. Edgerton of Hanover, New Hampshire, Joseph B. Ely of Westfield, Paris Fletcher and Frederick W. McIntyre of Worcester, John H. McMahon of Providence, Walter B. Reilly of Lowell and George F. Bennett, Charles A. Coolidge, Carl S. Herrmann, Robert H. Montgomery, Irwin L. Moore, Thomas C. O'Hare, Rockwell C. Tenney and William Webster, all of Boston.

Directors, following the shareholders' meeting, reelected Irwin L. Moore, president and chairman of the board; William Webster, executive vice president; John I. Ahern, William C. Coburn and Alfred V. Colman, vice presidents; Harry Hanson, treasurer; B. Edward Zinn, assistant treasurer and assistant secretary; Albert E. Westwood, general auditor and assistant secretary, and Robert G. Ladd, secretary.

Nearly every ship has a nickname, usually stemming from an unusual or colorful incident occurring during her tours of duty. For instance, the USS YORKTOWN is known as the "Fighting Lady," originating from the day they started filming the movie "Fighting Lady" aboard the YORKTOWN. Other colorful nicknames include "Happy Valley" for the USS VALLEY FORGE, "Rosey Boat" for the USS FRANKLIN D. ROOSEVELT, "Mighty Minnie" for the USS MINDORO.

## SHADOWBROOK CONTRIBUTIONS TOTAL \$102,522 IN MERRIMACK VALLEY, DR. HAJJAR REVEALS

Merrimack Valley Area contributions to the Jesuit Shadowbrook Fund now total \$102,522, it was announced today by Solomon G. Hajjar, M.D. of Talbot St., No. Billerica, area chairman.

This area, which includes the districts of Lowell, Lawrence and Haverhill, is one of 19 in the nationwide appeal for \$3,000,000 to rebuild the Novitiate in Lenox, Mass., destroyed by fire on March 10th.

A total of 8,160 gifts received in the nationwide campaign has boosted the fund to \$1,738,000 according to National Chairman Joseph E. Sullivan of Lowell. He disclosed that 500 district chairmen and moderators with 2,000 committee members are presenting the appeal in 200 districts.

District chairmen in the Merrimack Valley Area include Thaddeus T. Kosciolk and Frank Duggan, Lowell; John J. Lynch, Esq., and Daniel F. Cahill, Lawrence; John J. Lynch, George A. Cashman and Arthur W.

Clancy, M.D., Haverhill. Executive Committee members in this area are Hon. William H. Daly, Hon. John E. Fenton, George J. McCarthy and Daniel J. Sullivan.

Doctor Hajjar urged his committee members to intensify their drive in the next few weeks to make possible the beginning of the construction this summer.

"For the first time in 33 years no Jesuit Novice is being trained in New England," he said. "We must start rebuilding Shadowbrook by summer or face the delay of a year. If we can help to maintain the national average of \$80,000 a week, for several weeks to come, a date for ground breaking can be set by June 30th."

Contributions to the fund locally may be sent to Dr. Hajjar's office on Talbot Ave. or the offices of the News, Stanley J. Bocko, High St., No. Billerica or 86 Bridge St., Lowell. Phone call may be made to MO 3-3970 and MO 3-8221 or GL 8-8812.

The USS PHILIPPINE SEA is known to Navy men as "SHOWBOAT," because it was formerly used to take important government officials on cruises in the Far East.

One of the most powerful gas turbine engines ever to be installed in small Navy craft is undergoing tests at San Diego, California. Weighing only 1,000 pounds, about one-fourth the size of a comparable internal combustion engine, the T-522 will develop 500 horsepower. Previous gas turbine engines used in small craft were limited to approximately 200 horsepower.

### NICKEL PRODUCTION TO INCREASE

Free world nickel production in 1956 is expected to show an increase over the previous year. It is estimated that this year's output will total 442,000,000 pounds, about 65 per cent above pre-Korean War 1949 production.

### CUPRO-NICKEL ALLOYS

The combination of mechanical properties and resistance to corrosion of the cupro-nickel alloys, containing 10 to 30 per cent nickel, has been a vital factor in establishing them in the power, marine and petroleum industries for heat exchanger applications.

craft carrier. She now has a  
hurricane bow, canted deck,  
an improved Flight Control  
Station, countless reeving ar-  
resting gear and modified  
deck-edge elevators.**SOFTBALL LEAGUE NEWS**The Recreation Softball  
League completed its fourth  
week of play with the Town-  
ies, under the direction of  
Gerry Hale in first place  
with four wins and no losses.  
In second place the Boosters  
hung on with their third  
straight win while the D.A.V.  
moved back to third place as  
a result of their first loss of  
the season to the Townies.  
Play will continue each even-  
ing on the Common with the  
exception of the holiday  
which will find an open date  
in all schedules.**SUMMER FUN IN  
FULL SWING**The beach and the play-  
grounds are now in full  
swing for the summer  
months. In the rear of the  
high school daily programs  
are held for children bet-  
ween the ages of 5 to 12  
years each morning while in  
the afternoon a similar pro-  
gram will be held for girls  
over 12 years of age. Mr.  
Gilligan will handle the boys  
program on the Common in  
the afternoon and this is  
open to boys from 8 years up  
to 16 years of age. Games  
such as volley ball, badminton, softball, baseball, horse-  
shoes and individual sports  
will be conducted at this  
time.Other areas now open are  
the Wildwood School which  
will be open every morning  
from 9 to 12 for children of  
ages 5 to 12 inclusive. Mrs.  
Wilson will conduct this area  
and will instruct the boys  
and girls in arts and crafts  
games and reading.Miss Sharp will hold her  
classes in the portable at the  
Lake as in the past years.  
Classes will also be held on  
the site during weekday  
afternoons.

BEACH NEWS**The lifelines have been  
established at the Silver  
Lake Beach and head life-  
guard Dan Boylen has work-  
ed very hard to make this a  
safe and pleasant area for  
our residents to bathe in. He  
is assisted this year by Miss  
Patricia Bennett former Wil-  
mington High School out-  
standing athlete and present-  
ly enrolled student at Sar-  
gent College. Miss Bennett  
has served as a part-time life  
guard in the past but is the  
first full time female life-  
guard at Silver Lake Beach.  
She has been a Senior Life  
guard for two years and is a  
registered Red Cross Life-  
guard. Assisting on weekends  
are Tex Johnson and Bob  
Swanson two other guards  
who have served in similar  
capacities for the past three  
years. A new addition to the  
staff is Mrs. Margaret Cal-  
nan who will serve as Ma-  
tron at the beach. Mrs. Cal-  
nan will police the area and  
care for the bathhouse for  
the remainder of the sum-  
mer.Three new benches for pic-  
nic areas have been estab-  
lished plus the addition of  
two new rafts to replace the  
old one which was condem-  
ned. New lifelines and the  
addition of a new lifeboat  
round out the improvements  
for this season. The Recre-  
ation is happy with the co-  
operation of the Planning  
Board for their efforts in this  
move especially for the  
eighty yards of new sand for  
the beach.One of the outstanding  
members of the United States  
Navy Band is Richard Bain.  
Known as the nation's young-  
est concert harmonist, he has  
been featured with many of  
the country's leading sym-  
phonic organizations, includ-  
ing the Boston Symphony, the  
Buffalo Philharmonic, and has  
made guest appearances with  
Fred Waring's Pennsylvan-  
ians.The Navy School of Music  
has one of the finest conser-  
vatories in the world. There  
are 40 sound-proofed practice  
rooms, and in the Music Re-  
ference Libraries there are  
more than 6,000 records, both  
classical and modern, 3,500  
books and 5,000 scores.Town of Wilmington,  
Massachusetts

COMMONWEALTH OF MASSACHUSETTS  
LAND COURT

Case No. 21807 Misc. (SEAL) In Equity

To Howard G. Williams, Eleanor L. Williams, of Wilmington, in the County of Middlesex and said Commonwealth; and to all whom it may concern: Abraham R. Mekelburg, of Boston, in the County of Suffolk and said Commonwealth, claiming to be the holder of a mortgage covering real property in said Wilmington, being numbered 674 Woburn Street, given by Howard G. Williams and Eleanor L. Williams to Abraham R. Mekelburg, by instrument dated January 12, 1954, recorded with the Middlesex County North District Registry of Deeds, Book 1282, Page 15, has filed with said court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors Civil Relief Act of 1940 as amended and you object to such foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the sixth day of August 1956, or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, JOHN E. FENTON, Esquire, Judge of said Court this twenty-second day of June 1956.

## ST. DOROTHY'S NEWS

Miraculous Novena services Monday evening's at 7:00 p.m. Next Sunday is Communion Day for the ladies. Daily Mass during the summer at 7:30, Saturday's at 8:00.

The regular weekly Whist Party at St. Dorothy's Hall, Friday evening will be conducted by Mrs. George Boylan and her committee.

We are grateful to the ladies for the proceeds of last weeks supper.

Heartfelt thanks to all who worked so hard on our auction. A few of the men made this possible, for they donated their trucks, their time and efforts, especially during the final week. We would like to name all those who worked so untiringly but this would be impossible now. God will reward them for their great generosity.

Thanks too, to the men and boys who attended the evening outdoor Mass at Woburn. It was a marvelous spectacle, one we should feel rightly proud of.

We are building a bin in our garage for newspapers, magazines and clothing. Since these items bring a good price now, we will ask you to bring such things anytime to the garage and thus help our building fund.

TRADE CHICAGO  
BACKGROUND

Archaeologists have come up with new findings about the Chicago area, according to the 1956 Yearbook of The American Peoples Encyclopedia. A survey conducted by the Chicago Natural History Museum revealed that three different cultures have existed in this section in the past 3,000 to 4,000 years. To begin with, nomadic hunting people established camps along the rivers and lake beaches in the Chicago area about 3,000 to 4,000 years ago. Following them were the Woodland Indians who built small villages and made crude pottery and rough tools of stone and bone. By the year 900 A.D. hunting and farming people populated the area and supported large villages. They remained until the white man made his appearance.

"Our goat et the rest of this bond" was the laconic message sent with the sad remains of an E bond to the Treasury Department. The owner got a new bond.

WILMINGTON A SAFE  
SOLID INVESTMENT

Harold McKelvey well-known Squire of South Wilmington predicted today the greatest future developments for Wilmington of any town in Mass. and a population of 20,000 within five years.

Mr. McKelvey stated that Wilmington is a natural Trading and Industrial Center. Land values will advance rapidly. Real Estate of all kinds will jump in leaps and bounds. He advises those who can to hold onto their houses and whatever they have of realty value to do so as a future insurance for money gain and a guarantee of better income in their declining years, more especially a great financial help for their children and theirs.

I call exceptional attention to those in the Silver Lake section of our town. The towns beauty spot. To make every effort to improve their properties in every conceivable manner, take the greatest interest in town affairs. Your section is a natural, quick, sure, sound development area. Your cottages will be sooner than you think become too valuable to be just a summer camp or such, for the land will become so valuable with concrete expansion that they will be torn down, sections developed beyond present conceivable conception. Our Lake Beautiful section will become without question of doubt a great villa beauty expansion site surrounding one of Mass. finest Lakes.

My further prediction that Grove Ave. from Route 38 to the present Town Beach will shortly become, our great Town Beach. Grove Ave. will be widened and all property on the right hand side of Grove Ave. the Lakes Side, will be taken over by the Town for the benefit of all of the people of Wilmington. You and I help Wilmington and Wilmington will help.

You to help Yourself and Yours.

## NEW ANTIALLERGY

Cortisone is not the all-powerful antiallergy drug, according to a new study of several patients with bronchial asthma. The 1956 Yearbook of The American Peoples Encyclopedia reports that metacortandrin, which is also called prednisone, is three to four times more potent than cortisone in fighting off allergy. In patients with bronchial asthma, metacortandrin proved two to three times more effective than hydrocortisone.

STAINLESS STEEL  
PRODUCTION INCREASES

The production of chromium-nickel stainless steels showed a further increase during 1955. These steels are employed throughout industry because of their superior resistance to heat and corrosion, ease of fabrications and good appearance.

## STORMS KILL BIRDS

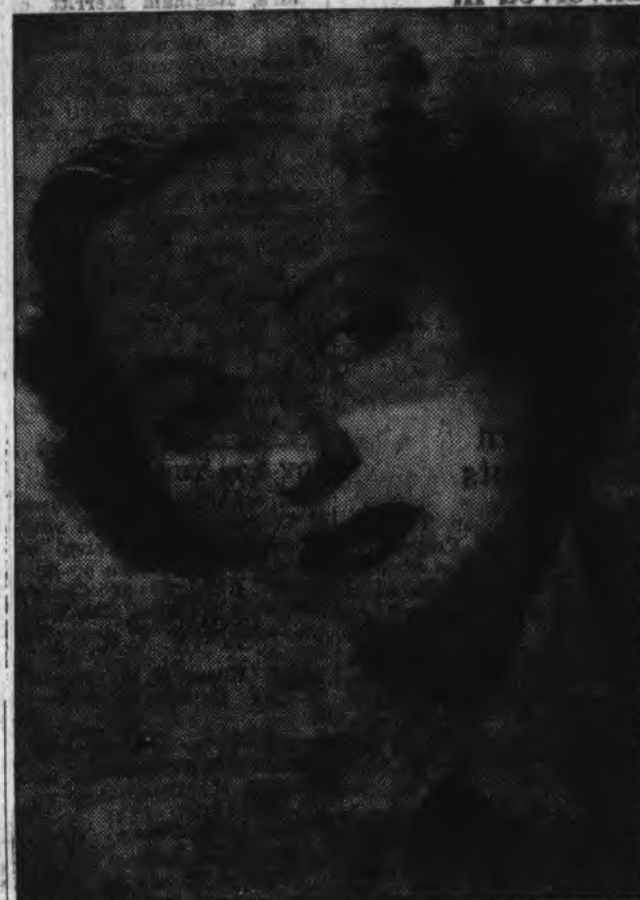

Experts have found that hail storms causing complete crop destruction also result in nearly complete destruction of wild fowl. The 1956 Yearbook of The American Peoples Encyclopedia says that storms covering hundreds of square miles have been known to destroy at least 150,000 wild fowl.

## BRITISH VICTORY

Last year for the first time in history, an American contact bridge team lost a world championship match. The winner was a British team. Interest is mounting, according to the 1956 Yearbook of The American Peoples Encyclopedia, in international bridge contests between the Americans and representatives of various European countries.

Thirty percent of the WAVES in World War II were assigned to Naval Aviation.

## Lake Whalom Coming Attraction

Tallulah Bankhead, a fabulous entertainer, will make a return personal appearance at the Lake Whalom Playhouse at Fitchburg soon.

Playgoers will see many other Star Personalities such as Gypsy Rose Lee, Henry Morgan and many others. "The Tender Trap", "7 Year Itch", "Solid Gold Cadillac", "Anniversary Waltz", "King of Hearts", "Pal Joey", "Bus Stop", "Wedding Breakfast" are but a few of the titles scheduled for Whalom production under the personal direction of Guy Palmerton.

The Savings Bonds you buy help spread the ownership of the national debt more widely. A well distributed debt means protection against inflation and added security for millions of Americans.

U. S. Savings Bonds are called "the indestructible investment" because even if a bond is lost, stolen, damaged, or destroyed completely, the Treasury Department will replace it.

Old furnace got you on the run?

then let the

MAGIC OF HOT WATER COMFORT  
by AMERICAN-Standard

end your heating worries  
permanently!

## Car And Bike Involved in Accident

At approximately 6:45 p.m. on June 19, an automobile operated by Anthony Avienti of Bowan Ave., Medford was involved in an accident with a bicycle operated by Nancy Krasinski of 12 Silver Lake Ave. The bike and rider emerged from a side street in the vicinity of Silver Lake and struck the right fender of the car. Miss Krasinski received a slight injured knee. Officer fuller investigated.

## Odd Lawn Ornaments

At 7:00 p.m. on Tuesday, June 19 Joseph Francis of Carter Lane made a strange complaint to Deputy Hoban of the police dept. Someone had dumped a living room set, consisting of a divan and two chairs on his front lawn. The depositor may have thought his donations would make good lawn ornaments, but Mr. Francis did not share his feelings.

## LATE, LATE, LATE SHOW AT NORTH READING DRIVE-IN THEATRE

The night before the Fourth of July the North Reading Drive-In Theatre will celebrate. Arrive at 11 P.M. and catch a full show. It's the late, late, late show and the place is the North Reading Drive-In Theatre. Make it a date.

## RETURNS FROM VACATION

Mrs. Reginald Merritt of Ayotte St., returned to her home on Saturday evening following a most pleasant three week vacation in Conimicut, R. I. Mrs. Merritt was in Conimicut visiting with her sister, Mrs. Nina Frost.

## SOFTBALL SCHEDULE FOR THIS WEEK

Wednesday, June 27, D.A.V. vs. National Polychemical; Thursday, June 28, J. W. Greer Co. vs. Oakies; Monday, July 2, Oakies vs. D.A.V.; Tuesday, July 3, Boosters vs. Fred F. Cain; Thursday, July 5, Townies vs. American Legion.

## BOY FOR THE RUSSOS

Mr. and Mrs. John Russo of Central St., Woburn wish to announce the arrival of their son John, born on Saturday, June 23 at Choate Memorial Hospital. The Russos also have a daughter, Diane.

Mrs. Russo is the former Pauline Downs of Woburn St.

## FORMER CRUSADER EDITOR NAMED NO. WILMINGTON POSTMASTER

Official notice from the office of Leverett Saltonstall, United States Senator, from Washington states that the United States Senate on Wednesday, June 20, confirmed Larz D. Neilson as postmaster at North Wilmington. Mr. Neilson is a former editor of The Wilmington Crusader.

## RETURN TO WILMINGTON

Mr. and Mrs. Reginald Tucci and their five children, formerly of Burlington Ave., who left for San Diego last March found that California did not agree with them.

Last week, the family returned to Wilmington and plan to resettle in this area. They are presently the guests of Mr. and Mrs. Alton Reynolds of Woburn St.

## ABRAHAM LEITER RETURNS HOME

Approximately two weeks ago, Abraham Leiter, well known Wilmington salvage dealer was struck by an automobile in the neighborhood of Tattersalls Store at Silver Lake. The ambulance was called to transport Mr. Leiter to St. John's Hospital where he was treated for multiple injuries.

As Mr. Leiter is 70 years old, it was feared that this accident might be his undoing, but providence was on his side and his injuries proved to be only minor. On June 20 he was released from the hospital and returned home.

It is hoped by the town that Mr. Leiter will find it possible to be back on the job soon. He has been missed.

## VISIT WILMINGTON

Mrs. Florence Barton and daughter Joyce of Hiram, Maine were weekend guests in our town over Friday and Saturday. They had a most enjoyable time visiting with their many old friends here.

## PINEWOOD CIRCLE TO HOLD SPECIAL MEETING

There will be a special meeting of the Pinewood circle at the home of Frances Calendrello on Lowell St., on Thursday, June 28.

The members will complete plans for the Mystery ride, which is to be held next month.

Benjamin Franklin said: "There are no gains without pains." But the painless payroll savings plan for buying U. S. Savings Bonds had not been invented in his day.

## MICHAEL F. GEORGE LEAVES FLORIDA FOR BILLERICA LIVING

Says Lakeside Trailer Park Best in Country.

Michael F. George who now resides in Gene DeMaggio's Lakeside Trailer Park in No. Billerica, stated that the Lakeside Park is the best in the country. Mr. George should know because he has just returned from Florida in his trailer with his wife to make his home in the Billerica Trailer Park. When asked how come he came back from Florida, Mr. George said that New England weather is what he missed more than anything. The weather is changeable and how but, he loves it here.

Getting back to "Mike" we can say he has had an interesting life.

Back in 1933 he was a chauffeur for the Lowell Police Department and also served on the Rye, New York police reserves. Prior to that he served in Europe in the first World War and saw action on all fronts.

He married the former Jeanette Riley and he himself is a relative to that fabulous tire "King" Friendly Jack in Lowell. Friendly Jack's wife is the sister of Mr. George and that is where we met "Mike".

Before coming to Billerica, "Mike" resided in Hollywood, Florida and he was a Hotel detective at the Hollywood Beach Hotel and for a time Guard for the National Airlines.

When asked about the Trailer parks, he mentioned the fact that the Lakeside Trailer Park gives more land area than any trailer park he has seen or heard of. So, that just proves that Gene DeMaggio is really building up the finest Trailer Park in the world.

At the recommissioning ceremonies for the USS BON HOMME RICHARD, her Commanding Officer had this to say about this mighty ship: "It is hard to believe, but true, that our ship with her air group has a striking power greater than the entire U. S. fleet in 1945."

## SADIE GELDHARD RECOVERING

Friends of Sadie Geldhard, of Cook Ave., will be glad to hear she is coming along nicely after her recent operation. She is still staying with her sister, Becky Mandel, of 12 Spevak Terrace, Malden, and is very glad to hear from her many friends in Wilmington.

## NI-HARD USE INCREASES

The use of Ni-Hard nickel abrasion-resisting iron castings for mill liners and grinding balls in the mining and cement industries showed an increase last year.

## NICKEL SILVER ALLOYS

The nickel-copper-zinc alloys known as nickel silvers maintained their position during 1953 as the superior base metal for silver-plated tableware. These alloys also had wide acceptance as preferred materials for spring applications in the communications field.

## DOROTHY'S WHIST PARTY

Mrs. George Boylen and her committee, will conduct a whist party in St. Dorothy's Hall, Friday evening, June 29 at 8:15 in aid of the Building Fund.

Refreshments will be served and the public is invited.

## NICKEL PRODUCTION AT NEW HIGH

Free world production of nickel in 1953 again set a record with output estimated at 427,000,000 pounds. This was an increase of approximately 40,000,000 pounds over the previous high of 387,000,000 pounds in 1952, and 87,000,000 pounds over free world production in 1951.

## DEEP "SUBWAY"

One of the deepest "subways" in the world is at International Nickel's Creighton Mine in the Sudbury District of Ontario. More than a mile underground, 5,425 feet, this railway carries men from the shaft bottom to their working stations more than two miles away.
